FRIDAY MORNING, JAN. 12, 1866.

### To our Country Friends.

In the absence of all mail facilities in the interior of the County, would it not be a very great convenience for each neighborhood to select a place, most central and convenient to all, as a depository for mail-matter coming to this office for that neighborhood, and then make it the duty of each man, whenever he comes to town, to enquire for and deliver at the selected point all mail matter for its inhabitants? This arrangement might be made in each neighborhood of the county very easily, and would enable them to get mail matter at least two or three times each week. It would also enable us to furnish them with the latest news through the *Citizen* much earlier than they are in the habit of getting in now. Almost every neighborhood in the county has one or more representatives here every Saturday. These representatives could call for the package of *Citizens* for that neighborhood, and each subscriber would have his newspaper of Friday to read Saturday night and Sunday. We urge upon our friends to make this arrangement at once.

**HOUSE CARPENTERING.**—We neglected last week to call attention to the card of S. C. MITCHELL & Co., House Carpenters and Joiners. SAM. MITCHELL and TOM. FLIRIN are both young gentlemen of sober, industrious habits, are good workmen, and deserve patronage.

**THE LAW.**—We invite attention to the law card of T. M. N. JONES, Esq., in this paper. Mr. J. is a man of industry, and will give prompt and close attention to business entrusted to him.

**MORE AND BETTER.**—L. ROSENBAUM, is in receipt of more goods and better goods, and proposes, as will be seen by consulting our advertising columns, to sell them lower than the lowest. He has secured the services of Mr. CHARLEY SMITH, well and favorably known here, who will take pleasure in waiting on his old friends and the public generally.

We are requested to state that Col. ROGERS' School will commence on next Monday, 15th inst. He will teach in the basement of the Methodist Church. The room has been thoroughly repaired, and is one of the most comfortable in town.

**THE LAW AGAIN.**—The law card of P. G. STIVER PERKINS demands attention. Judge PERKINS is not unknown in this community, and will, no doubt, receive a liberal share of patronage.

### May, Gordon & May.

We invite attention to the card of the above firm. Pink May, John Gordon and Allen May are all names familiar to the people of this county. They are all old merchants of this place—known to be honorable and just in their dealings. Give them a call.

**THE CHURCHES.**—The Methodist and Presbyterian Churches are in operation here again. The first under the ministrations of Rev. Mr. MOONRY, and the other that of Rev. Mr. EWING. Both are men of piety and popularity as Ministers. Services are held every Sabbath and Sabbath evening at both Churches, and prayer-meetings are held at the Presbyterian Church, Wednesday and at the Methodist Church Thursday evenings. Services at the Cumberland Presbyterian Church have not been revived. The congregation here is very small and unable to repair their Church—which has been wonton and sinfully abused during the past two years—and procure the services of a pastor.

We are also to have an Episcopal Minister with us we learn.

## \$10 REWARD.

Lost in Pulaski, between Davy Spear's shop and the square, a splendid Derringer Pistol, No. 1, made by F. J. Bitterlich, Nashville, Tenn. Any person finding the same will be paid the above reward on bringing the pistol to this office undamaged.

**AN AFFRAY.**—Our friend, D. K. Cox, got into an affray with some colored soldiers on Saturday night last, in which he was slightly wounded in the knee by a pistol-shot. The facts are these, so far as we have been able to gather them: The negroes on Mr. C's place had been granted permission to have a dance, and accordingly a number of negroes were in attendance, including a few soldiers. At a late hour of the night, after Mr. C. had retired, he was called upon by a negro woman to go down and quiet a disturbance among the negroes—between the soldiers and civilians. He dressed hurriedly and went down unarmed, except with a stick, to the house occupied by the dancers. On his arrival he was fired upon several times by the soldiers, one ball taking effect in his knee. Mr. Cox says the attack was entirely unprovoked.

It is said that the British Government demanded the surrender of Stephens, the Irish Fenian Head Centre, upon the ground that he had broken jail. The French Government denied the application.

The report from Washington by telegraph is that the Joint Committee on Reconstruction will make no report at all.

The tide of foreign immigration is rapidly setting Southward. Emigrants have already arrived in Louisiana from Germany, in considerable numbers.

The *World's* Washington dispatch says General Grant's bill to increase the regular army is in the hands of the Chairman of the Military Committee. If adopted it will increase the regular army over 50,000.

The same tornado which devastated Pulaski, also greatly damaged Bowling Green, Kentucky.

The Committee of fifteen on Reconstruction, have held their first meeting at the Capitol, and selected Senator Fessenden as chairman, and appointed a clerk. Several members of the committee being absent, it was determined to take no definite action until a fuller attendance was had.

Dispatches from Washington say about thirty commanders of vessels destroyed by the Alabama, have already been summoned as witnesses for the Government in the approaching trial of Semmes.

The Government has realized within the last two years the sum of six millions, the proceeds of confiscated cotton, sugar, and other property, in Mississippi.

**RATES OF POSTAGE.**  
In consequence of the general ignorance in the South of the rules of postage established by law, many letters of importance are daily lost to those interested by being improperly or insufficiently stamped. The regulations require that all such letters dropped into post offices shall be immediately forwarded to the Dead Letter office, where they are never heard from unless they contain money, or other enclosure of value. We give below some information which may prevent vexation to correspondents:

The rate of postage on letters within the United States is 3 cents for every letter or sealed package weighing one-half ounce or under. Those over one-half ounce, 6 cents and 8 cents for every additional half ounce. Prepayment with stamps in all cases is required. All letters without the necessary postage stamps, or which are stamped with revenue stamps, will be forwarded to the Dead Letter office immediately after being dropped into any post office. Postage stamps issued prior to 1860 are worthless, and will not answer for present purposes.

## THE MARKETS.

We make up our Monetary and Commercial report, this week, principally from the Nashville *Union* and *American*.

NASHVILLE, Jan. 10, 1866.

**MONETARY.**—Gold was quoted in New York yesterday at 133. This is a decline of over 4 cents since Monday. There is very little doing here and we suppose the buying rate may be said to be 135.

Bank of Tennessee notes are bought at 40 cents. The offerings are light, while there is considerable demand.

Union and Planter's are unchanged. The former is bought at 60 and the latter at 56.

Southern money continues dull, and the quotations are as heretofore.

New York, Jan. 8.—Gold shows a strong downward tendency. Foreign bankers, influenced by the prospect of a cotton supply largely exceeding the original estimate, are selling out their gold; some anticipating a fall to 130 before the 1st of March. There is an ample supply of cash gold owing to these sales. Closing at 133.

The demand for money was moderate, and all houses in good standing get sufficient at 6 per cent. on call.

State bonds are quiet, and the few sales were generally at low prices.

Money easy at 6 per cent. Sterling exchange dull and heavy at 108 1/2 @ 109. Gold heavy and decidedly lower, opening at 141 1/2 and closing at 139. Government stocks dull and 1/4 @ lower. Freight for Liverpool dull and nominal.

NASHVILLE, Jan. 11, 1866.—Money has become very stringent, and exchange is taken at 1/2 discount and sold at par by the Banks.

COTTON.—Yesterday was one of the duller of the season. Under unfavorable advices from New York buyers dropped down to 40 @ 41, at which very few sales were effected.

In Groceries, transactions have continued active in all leading articles. Coffee 31 @ 34. Sugar continues at former quotations. Flour continues unchanged, notwithstanding a decline in Eastern markets.

NEW ORLEANS, Jan. 8.—Cotton drooping, with sales of 2,000 bales at 48 @ 50c.

OPENED IN PULASKI, TENN.

A PHOTOGRAPHER who understands his business, (from North of Huntsville, Madison Co., Ala.) has opened his Fine Art Gallery in Pulaski, and very respectfully solicits his services to the generous and enlightened people of Giles.

Size, Coloring, etc.

In this Celebrated Establishment are made those beautiful pictures of *Every Style* and of All Sizes, from Life-size to the smallest Finger-Ring-Miniature, and so elegantly colored in Oil, that the Hair, Eyes, Complexion and remarkably life-like Portraits the world ever saw. It is Elegant.

**"PEARL MINIATURES."**  
These Portraits are Rich, Complete and Beautiful. They can be highly colored and given a delicacy of complexion not possessed by the Fairer Lady, or even the Pure Arabian. Whiteness of a Babe. In this respect only are these likenesses flattering. Of the myriads of pictures taken in the various styles of art, the "Pearl" is unquestionably the prettiest and most remarkably life-like Portrait the world ever saw. It is Elegant.

**Photographs, Fignettes, Cartes de Visite, etc.**  
Taken in the latest, most popular and approved styles known to the art of Sun-drawing. My productions of all other kinds known to the profession, will also compare favorably with any Heliographic specimens of Art in christendom. (Hence you see the folly of expending our railroads and at hotels—lost time and risk of life to distant cities or foreign countries.) They have the artist's touch, and are in tone, Complete in detail, Bold in feature, and as to finish and durability, there is no question of their Superiority.
